Content, Social & Video Hire — Market Research & Job Posting

RetailzPOS & Patel Processing · Prepared October 2026

0. What this covers, and a note on the data

This document has three parts: (1) comparable job postings/titles found across hiring sites for a role that blends content writing, social media, and light video production, (2) a salary range for Henry County, GA and the surrounding Atlanta metro, and (3) a ready-to-post job description for the role.

Honesty about the data: No job board (Indeed, LinkedIn, ZipRecruiter, Glassdoor) could be queried directly from this environment — everything below comes from search-engine results, aggregator sites, and salary-research platforms (Payscale, Built In, Plane, Robert Half), cross-referenced where possible. **No current job postings specific to Henry County or McDonough, GA matched this role** — local employer demand for "digital marketing / content / social media" skills is mentioned generically in a few places, but nothing names a specific local opening. Everything in the salary range is built from **Atlanta-metro proxies**, which is the best available substitute for a market only ~30 miles southeast of the city, not a McDonough-specific figure. Where a source looked templated or unreliable, it's flagged as such rather than treated as real data.

---

1. Comparable roles found on hiring sites

This exact combination — content writing + social media + light video/reels production, entry-to-mid level — doesn't have one standard job title across the industry. It shows up under several names, and the postings found cluster into a few patterns:

Title pattern	Example posting	Level	What it actually covers
Content Creator / Social Media	AI Digital (remote, Atlanta-eligible)	Junior	Create, capture, edit, and deliver short-form video and social content across TikTok, Instagram, LinkedIn, YouTube, and X — closest single match to this role
Entry Level Social Media Agent	Fresh Form Draft (Atlanta, GA)	Entry/Junior (1-3 yrs)	$21.50–$31.50/hr; modest requirements (HS diploma or equivalent)
Social Media & Content Marketing Specialist (Video & Visual Content)	CareerBuilder listing	Mid	Short-form video, graphics, carousels, GIFs, simple motion content, content calendar, platform-specific captions, engagement metrics
Marketing Content / Social Media Specialist	Mediabistro (x2 listings)	Mid	Similar blend — writing + social + visual content
Content Writer, fintech/payments	Optimized Payments (hybrid, Atlanta-based, mostly remote)	Mid	Blog posts, social media, white papers, case studies, SEO, for a payments-industry audience — the closest match to the **Patel Processing** side of this role specifically
Web Content Specialist	Henry County Government (McDonough, GA)	Entry/Mid	The one genuinely local posting found — writing, editing, and managing content across departments; no salary listed

The pattern worth noting: almost every real posting that combines writing, social, and video skews toward **“content creator” or “social media specialist” as the title**, with video treated as one skill among several rather than a separate job. That matches what you’re describing — this isn’t a dedicated video producer role, it’s a content-first hire who can also shoot and edit.

---

2. Salary research — Henry County, GA / Atlanta metro

No Henry County–specific salary data exists in available sources. The figures below are Atlanta-metro benchmarks for the closest comparable titles, used as the best available proxy — Henry County's cost of living runs somewhat below core Atlanta, so actual local pay may land at or slightly below these figures.

Role proxy	Source	Range	Notes
Social Media Coordinator, Atlanta	Payscale	$41,000–$55,000 (avg ~$48,000)	Closest single match for the social/content side alone
Content Specialist, Atlanta	Payscale	$57,000–$67,000 (avg $63,383)	Likely skews slightly senior/writing-only for this hybrid role
Entry-level Social Media Agent, Atlanta	Fresh Form Draft posting	$21.50–$31.50/hr (~$45,000–$65,500 annualized)	Real current posting, entry/junior level
Remote Content Marketing Specialist, Georgia (statewide)	Plane	~$46,359 median	Remote/base-only — may understate on-site Atlanta-metro pay
Digital Content Specialist, Atlanta (public sector)	Georgia Dept. of Economic Development posting	Entry: $50,000–$60,000	Government benchmark, not private-sector, but a real local-ish figure
Video Editor, entry/mid, Georgia	Tallo (templated estimates, weight lightly)	Entry: $30,000–$40,000 / Mid: $40,000–$55,000	Video-only, not blended with writing/social

Synthesis: for a single hire covering content writing, social media management, and light video/reels production — entry-to-mid level, Henry County/south Atlanta metro — a reasonable base salary range is:

$45,000 – $58,000/year, with room up to ~$62,000 for a candidate who's genuinely strong across all three (writing, social strategy, and video editing), since that combination commands a premium over any single skill alone.

If the role leans more junior/entry on video (willing to train that piece) and stronger on writing/social, the lower half of the range ($45K–$52K) is more appropriate. If you want

someone who walks in already shooting and editing reels well, budget toward $55K–$62K.

---

3. Job posting — ready to use

Copy the block below directly into Indeed, LinkedIn, ZipRecruiter, or Henry County-area job boards. Placeholders in brackets need your input before posting.

Job Title: Content & Social Media Creator — RetailzPOS & Patel Processing

Location: Henry County, GA (McDonough area) — [confirm: on-site / hybrid / remote-eligible] **Employment Type:** Full-time **Level:** Entry to Mid-Level **Compensation:** $45,000–$62,000/year, based on experience [confirm before posting]

About the Role

We're looking for a content-savvy, social-first creator to help tell the story of two growing brands: **RetailzPOS**, a point-of-sale platform built for liquor, convenience, smoke/vape, and CBD retailers, and **Patel Processing**, our credit card processing company currently undergoing a full brand refresh. This is a hands-on role for someone who can write it, plan it, post it, and — when needed — pick up a camera and shoot it.

You'll work across both brands, helping RetailzPOS stay visible and relevant in a fast-moving retail-tech space, while helping build Patel Processing's new look and voice from the ground up.

What You'll Do

- Write blog posts, social captions, and marketing copy for RetailzPOS and Patel Processing in each brand's own voice
- Plan and maintain a content calendar across platforms (Instagram, TikTok, LinkedIn, Facebook, YouTube)
- Research daily/weekly trending topics, formats, and sounds, and adapt them into real, brand-relevant content ideas — not generic reposts
- Shoot and edit short-form video and Reels for both brands, including light on-location filming (store visits, team content, brand reveal content for Patel Processing's rebrand)
- Support Patel Processing's brand relaunch with consistent visual and written content across the transition
- Track what's actually performing and adjust the content plan accordingly
- Collaborate with the broader marketing effort already underway for both brands

What We’re Looking For

- 0–3 years of experience in content writing, social media, or a related marketing role (entry-level candidates with a strong portfolio are welcome to apply)
- Genuinely social-media fluent — you already know what’s trending and why, not just how to schedule a post
- Comfortable writing for different audiences and tones (consumer-facing retail content vs. B2B payments/fintech content)
- Basic-to-intermediate video shooting and editing skills (phone-shot content is fine; experience with CapCut, Premiere Pro, Final Cut, or similar is a plus)
- Strong writing fundamentals — clear, specific, no fluff
- Organized enough to manage a content calendar across two brands without things slipping

Nice to Have

- Experience in retail, fintech/payments, or B2B SaaS marketing
- Basic graphic design skills (Canva or similar)
- A portfolio or reel samples you can share

To Apply: [insert application instructions — email, application link, or portal]

This document is based on publicly available job-market and salary data as of October 2026, cross-referenced across multiple sources where possible. No Henry County–specific postings or wage data were found — figures are Atlanta-metro proxies, the best available substitute. Confirm current rates against live postings before finalizing compensation.
