Trending now — 1 topic with a genuine brand angle

#	Trend	Source	Brand-twist content idea
1	**Today, Nov 2, is National Deviled Egg Day** — a neutral, dated-today food observance.	National Day Calendar — November 2	**Instagram, light grocery-aisle merchandising nudge.** “It’s National Deviled Egg Day — a good nudge to check that eggs, mayo, and mustard are actually stocked together or easy to find if you carry light grocery. Small, easy win for a slow-news Monday.” No product claim beyond basic stocking, zero compliance risk.

Skipped / unconfirmed, despite extensive searching: Halloween final spending tallies — only NRF’s pre-event $13.5B forecast found, no actual post-holiday results published yet. General convenience-store news — nothing dated to this week. State vape/tobacco law — nothing new beyond Kentucky (already covered Nov 1). Election Day (Nov 3) retail angle — only historical store-hours patterns found, nothing 2026-specific. Diwali business news — still only India-market coverage; a loyalty-points stat found was too close to the already-covered Blackhawk/Oct 17 angle to use as distinct. Gift card scam/fraud AG warning campaign — confirmed to be the 2025–26 winter campaign (Dec 26–Jan 31), not a fresh item today. TikTok trends — no specific named November sound/format could be confirmed. Small Business Saturday/Amex Shop Small registration — no 2026 U.S.-specific registration page or date found yet.

Compliance check: the one idea implies no pricing, no overconsumption, and no underage-adjacent framing — it’s a neutral food-holiday stocking nudge for light grocery items, no alcohol/tobacco/CBD mention.
